**Re: Petition of NMTU for recognition**

Dear Messieurs Lucero and Livingston;

The City is in receipt of your petition filed with the City Clerk on March 11, 2011. Upon review of the petition, it is defective in several critical respects. In particular, because an existing union represents this group of employees, any process must be under Section H.

Consequently, we will not be posting a notice; however, you are invited to submit an amended petition. When you do, please provide your organization's constitution and by-laws.

Sincerely,

Robert J. Perry  
Chief Administrative Officer
